

## Saved His Life

BY USING  
**AYER'S CHERRY PECTORAL**

"When my adopted son was seven years of age, he had a severe cough as I ever knew anyone to suffer from. He coughed incessantly, and spit up blood. I tried everything I could think of, but he constantly grew worse, and I feared the poor little fellow would surely die. At last, I gave him Ayer's Cherry Pectoral, being recommended to do so by the physician. This medicine gave the child speedy relief and effected a permanent cure."—Mrs. M. E. DENAY, Liberty, Texas.

FRIDAY, MAY 10, 1895.

Senator Brice gives notice that he will resist the adoption of a free-silver plank by the Ohio Democratic State convention.

The Kentucky Populists believe in a waiting game, and their State convention has been postponed from May 15 to July 4.—C. J.

Hon. Henry C. Dixon, of Henderson, Gov. Brown's brother-in-law, has been appointed Private Secretary of the Governor.

The Colorado G. A. R. had a hot debate for several hours over the proposition to aid indigent ex-Confederate soldiers, and then tabled it.

In a letter to Hon. A. H. Sevier, of Texarkana, Secretary Carlisle says: "I have never made a speech or written a letter in favor of the free coinage of silver at the ratio of 16 to 1, or in fact, at any other ratio."

Dun's weekly review of trade says that business begins May in better condition than at any other time since the break-down in May, 1893. The volume is smaller now than it was then, but it is enlarging, instead of shrinking.

Hon. Milt Hager, of Magoffin county, is a candidate for Railroad Commissioner in this district subject to the action of the Democratic convention. He is a loyal Democrat, a man of ability and business experience, and he would fill the office to the satisfaction of the State and the people. He is a whole-souled mountain man and this section would rejoice to see him nominated.

The Wilson tariff has been in operation a little over eight months and has produced \$130,500,000 revenue, and is increasing the production rapidly. The McKinley tariff produced only \$131,000,000 for the last fiscal year of its existence. You remember how much our enemies have howled about the Wilson tariff failing to raise sufficient revenue. When the cold facts appear they always put the same old wide, gaping chasm between truth and the assertions and predictions of our friends, the enemy.

But the Plain People Will Lose.

Should free and unlimited coinage of silver prevail, there is a big chance for the making of millions. Ten thousand ounces of silver can be bought now for \$6,700 and it would cost \$12,925, leaving a neat profit of \$5,225. The speculator and the mine-owners will have a bonanza under free coinage laws, and the desire for profit originated the wild scheme, which has taken so rapidly with unthinking people.—Standard Interior-Journal.

FOUR BIG SUCCESSSES

Having the needed merit to make good all the advertising claimed for them, the following four remedies have reached a phenomenal sale. Dr. King's New Discovery, for consumption, coughs and colic, each bottle guaranteed—Electric Bitters, the greatest remedy for Liver, Stomach and Kidneys. Bucklen's Arnica Salve, the best in the world, and Dr. King's New Life Pills, which are a perfect pill. All these remedies are guaranteed to do just what is claimed for them and the doctor whose name is attached hereto will be glad to tell you of the same. Sold at A. M. Hughes' drugstore.

## A Bed-Rock Principle.

"Equal rights to all and special privileges to none," has long been a shibboleth of the Democratic party; that was used with telling effect upon the Republican system of protection. There are Democrats in Kentucky whose mouths were ever filled with this Democratic war cry when they fought the good fight of tariff reform, but now that they are arrayed with the Western silver miners—the most powerful and arrogant of all claimants for Government favor—this old Democratic slogan is heard no more. "Equal rights to all and special privileges to none" is almost a touchstone that determines a man's Democracy, but it is a sentiment that does not sit very well with that policy which demands that the Government's credit be used to make fifty cents of Western silver worth a good dollar. Even the Republican tariff-robbars never asked the Government to go so far in the bestowment of special favors as to double the price of their product by law and clinch the gift by pledging the faith and credit of the nation.—Harrodsburg Democrat.

## PRESTONSBURG.

BIG SANDY NEWS: I am sojourning in this town temporarily and as I find things and the people so different from what my imagination pictured them, from reading the blood-curdling stories that emanate from this section of Kentucky and appear in the daily papers from time to time, that I feel it incumbent upon me to endeavor to disabuse the minds of the reading public of the erroneous and unjust opinion that most people have formed of Eastern Kentucky, and especially of Floyd county. From the tenor of the press one is unacquainted with this section of Kentucky would imagine that the people here are semi-civilized and blood thirsty and whose soul delight is in feuds and black scenes of crime and bloodshed. Such is not the case by any means, for this is the best town morally I have ever seen in all my travels. I have not seen a drunken man since I came here and have heard less swearing than I ever heard in any other town that I ever visited. The people attend strictly to their own business and let their neighbor's alone. They are just as courteous and kind to me as any people I ever met anywhere and endeavor to make my life among them pleasant and happy. The older ones are perfectly contented with their lot in life and have no disposition to change their manners of business or residence. The citizens of this county are trying to educate their children, and liberally patronize the high school recently established by Professor Byington, late of your city, who by the way is one of the best educators I ever saw and is doing a grand work for Prestonsburg. There are students here from several adjoining counties who are qualifying themselves for the higher vocations in life. This school makes Prestonsburg the Athens of this section of Kentucky and some of these young men and ladies will be heard from in the future, and leave their foot prints in sands of time.

There is considerable excitement here over the discovery of oil, as nearly everybody is inclined to believe that oil in paying quantities has been found on Beaver creek, about seventeen miles from here. Nothing can be gleaned from the operators, as they are still-tongued and wary, as business men usually are. But the opinion generally prevails that the unctious fluid has been found in such quantity as to guarantee the building of a pipe line to Catlettsburg or Ashland. There is strong talk of putting down a test hole in this town pretty soon. The people, many of them, anticipate an influx of prospectors this summer and are making arrangements to accommodate them. The great need of Prestonsburg in the past has been a good hotel run on business principles. This want has been supplied by T. G. Padgett, who recently purchased the Bonanza Hotel, and recently married Mrs. Julia Garred, an estimable and experienced lady to help him. This hotel will be conducted in such a way as to merit the patronage of the traveling public. Taylor makes a dandy landlord, and Mrs. Padgett needs no eulogy from us, as she is known from one end of this valley to the other, which is a sufficient guarantee that the boarders will always have something to eat served in good style, and a clean, fresh and sweet sleep-inducing bed to rest on. It gets better day by day; if it continues to grow much better we shall send for our best girl and our summer duds and stay all the summer. We are glad we came here, glad to say words of kindness for these people who have treated us so kindly, glad to be able from experience and observation to refute and give the lie to nine-tenths of the cock and bull stories that correspondents are paid well for to fill the sensational columns of a lying press. "JUNO."

## JOHNSON COUNTY.

PAINTSVILLE. Republican convention here next Saturday.

In Magoffin county on last Saturday, while splitting rails on a bank, Bud Gullett was caught by a large oak rail-cut which rolled over his body, breaking four of his ribs and otherwise injuring him.

Miss Callie Johnson, daughter of W. H. Johnson, died in the Johnson Circuit Court a few days ago against Wm. Fairchild, of this place, charging him with failing to keep a marriage contract with her. She wants \$5,000 in damages for breach of marriage contract. Miss Johnson is about twenty-four years of age and lives in the country, while Mr. Fairchild is more than fifty years old and lives in town. He owns nice and valuable property here and has several hundred dollars invested in government bonds, and is reputed to have quite an amount of cash; hence the suit.

G. C. Middaugh, who is a candidate for Representative, returned from East Point yesterday, where he has been with the measles for more than a week.

C. M. Cooper made a visit to Salersville last week to see his sister, who is very sick.

Mrs. A. J. Ward and Mrs. Doctor Whitten, of Oil Springs, were visiting Mrs. G. B. Stiphens here this week.

## ROCKFELLER.

School Desks.

The Southern School has this, and more, to say of the school desk which Snyder Bros. are selling direct from the factory, without "middle-men's" profits to be paid. The "Columbia Automatic" is not only fair to look upon and pleasant to sit upon; it is made of the very best material, put together in the very best manner, and warranted to give the longest and best service. In all respects it represents the best advance that the manufacturer of school desks has made in the last decade. We have personally inspected its service in the school room and every step of its construction in the Piqua School Furniture Company's factory, at Piqua, Ohio, and we believe that its make-up is the best that mechanical skill can turn out.

They deal fairly, ship promptly, mean what they say and do what they promise. After advertising for bids and examining desks submitted by many companies from many cities, the Committee on Salaries and Supplies of the Louisville School Board awarded the contract to The Piqua Company, considering their desk the best ever purchased by that city, after many years of business. This award is a high testimonial, for the Louisville authorities always try to follow Noah Webster's advice—"Get the best."

Snyder Bros. are also arranging to supply a lower grade of desks to those who want the cheapest rather than the best.

Other things being equal it is to the advantage of the school districts to buy through home people. In case everything does not prove to be right, then you always have some one within reach to demand satisfaction from.

DWALE.

The timber men of the Sandy valley are glad to see the present rise in the river.

M. T. Allen and Joe M. Davidson, of Prestonsburg, were here

Friday in the interest of an oil company.

Deputy sheriff, J. C. Martin, of Prestonsburg, was here Thursday attending to legal business.

Dr. B. B. Porter of Alpharetta was called to see the sick child of E. K. Hall on Friday evening. Dr. Porter is having success in his work and is getting a good practice.

Hon. Walter S. Harkins of Prestonsburg was with us last week. Wait is a fine lawyer and a mixing Democrat.

J. P. M. Davidson of this place is visiting friends and relatives up the river.

Hatchers Bros. are having a lot of saw logs put in Beaver creek, ready for the water.

Prof. J. A. Begley, who is conducting the Commercial class at Prestonsburg, was with home folks Saturday.

James Click Sr., who lives on Beaver creek, passed by here Saturday riding horse back. Mr. Click claims to be 105 years old. He has lived during the administration of every President of the United States. He is the grandfather of Hon. John W. Langley, OS DIT.

As the Washington Post puts it the best vindication of the new tariff law has received come from the recent wage advances.

## A Talk on Silver.

I now have in stock some of the very latest and prettiest styles in silver novelties. They are all the go, and at these prices everybody can afford them.

LADIES BELTS:—These are even more popular this season than last. I am selling the solid silver trimmed belts at \$1.00.

Also, fine silver-plated belt buckles and trimmings at 40c.

Solid silver shirt waist sets complete for 75c.

Fine quadruple silver-plated waist sets for 30c.

First quality silver-plated belt pins at 10c each.

Neat stick pins in silver from 10c up.

A few pairs of tortoise shell side combs, solid silver trimmings, 35c per pair.

Solid silver belt pins at 40c and 50c.

\$1.25 Hat pin for 75c.

Solid Silver hat pins at 40c and 75c.

The stylish collar buckles, solid silver, at 75c. Same thing costs you \$1.00 anywhere in the city.

These goods are leaders, and are guaranteed to be exactly as represented. M. F. CONLEY.

## Here's the Trouble.

It is the man who has the least to sell who talks most about "hard times." There is a market for all kinds of farm products, and in some lines the prices are better than for several years. The prices of live stock, for instance, are away up. Industry is often too scarce an article.

The improvement of business which began or became noticeable simultaneously with the consummation of the agreement between the Government and the syndicate for the sale, for gold, of United States bonds, has been certain, though slow. The most assuring proof of returning trade activity and prosperity are to be found in the increased energy of the manufacturers, who are not only running their works upon full time, but increasing their plants, and, most gratifying and convincing of all, raising wages.—Philadelphia Ledger.

## Electropoise

THE GREATEST CURATIVE AGENT KNOWN.

Opium Habit Cured.

Six weeks' of the Electropoise cured a friend of the opium habit. It also benefited me a great deal. I suffered with kidney trouble.—Rev. W. Bruce, Hopkinsville, Ky.

From the editorial columns of the Western Recorder:—If there is any truth in men and women, it does indeed benefit in hundreds of cases of all kinds of sickness. A friend who had suffered long with nervous prostration wrote that it had cured her. A gentleman in the city, who, a year ago, seemed to have only a few days of life left him by consumption, has greatly improved, has been able to go on unintermitted with his business. Two other personal friends said nothing had ever done so much for their rheumatism. Nothing has ever received so many testimonials from trustworthy persons.

"One night's use of the Electropoise gave me relief from brain congestion and vertigo. I have been a well man ever since."—Rev. George H. Means, Covington, Ky.

Electropoise put out on trial for four months for \$10. Send for particulars.

Books are now at my office, ready  
for disposal to the several Magis-  
trates. ROBERT DIXON.

The Vinson House, conducted by  
Mr. and Mrs. Jas. Vinson, is doing  
a good business, and the patronage  
is constantly increasing. They ac-  
commodate both transient and regu-  
lar custom.

Our streets and alleys need a  
spring cleaning. It is not neces-  
sary to take up the carpets or laun-  
dry the curtains, but garbage  
should be removed, mud holes  
filled and gutters cleaned.

Capt. J. D. Fleniken left yester-  
day for Rivermore, Ky., where he  
is located on Green river. He will  
be engaged there on government  
work in about the same capacity as  
he has served at this place for a  
long time.

Dr. G. N. Waldeck has located at  
Central City, W. Va., where he has  
flattering prospects. Being a gradu-  
ate from one of the best schools in  
the country, and having the neces-  
sary elements in his make-up, he  
is sure to succeed.

At the regular meeting of the  
City Council last Tuesday night  
Marshal Vinson notified that hon-  
orable body to have another man  
for his place by next meeting  
night. We presume there will be  
plenty of candidates.

There is much complaint amongst  
the farmers about the ravages of  
cut worms. In lands of favorable  
condition the destruction is said to  
be extensive. Beyond this feature,  
the prospects for crops are the best  
ever seen here at this season.

The government thermometer at  
this place registered a maximum  
temperature of 98 degrees in the  
shade last Sunday. Other ther-  
mometers in town showed 100.  
And some of the preceding days  
were almost as hot. This is  
thought to be the hottest weather  
ever known here so early in the  
season.

SCHOOL TRUSTEES,  
Do not buy school desks until  
you get prices from the United  
States School Furniture Co., of Sid-  
ney, O. I will be in Lawrence Co.  
a few days and supply districts at  
factory prices. Save what you  
would have to pay to local agents  
for a commission. Address me at

## Use Levering coffee found at Vaughans.

Clover Leaf flour \$3.50 per bar-  
rel at Vaughan's.

Mr. J. F. Hackworth was in Cin-  
cinnati this week buying goods.

Miss Ida McElrath expects to  
leave for Waverly, O., next week  
on a visit to relatives.

The work of dredging at the lock  
and dam at this place was com-  
pleted last week and the boat left  
Saturday.

The colored church of this place  
has begun the work of raising a  
fund for buying a lot and building  
a church.

Mrs. G. R. Vinson went to Cat-  
lettsburg Tuesday to see her grand-  
mother Mrs. Jones, who is hope-  
lessly ill.

Rev. L. O. Spencer and his moth-  
er went to Huntington for a visit  
last week, accompanied by Mrs. A.  
J. Loe and children.

Dr. Wroten went to Peach Or-  
chard Monday in response to a tel-  
egram from Dr. Newton, the able  
physician of the Peach Orchard  
Company.

Mr. L. K. Price and family, of  
West Virginia, are visiting rela-  
tives in Louisa. Mrs. Price will be  
pleasantly remembered as Miss  
Ollie Burns, who visited in Louisa  
a few years ago.

"Routine business only." This  
about tells what was done by the  
municipal magnates last Tuesday  
evening. The treasurer reported a  
surplus, and he was ordered to  
apply it to the further redemption  
of the City's indebtedness.

After the spring house cleaning  
you naturally want something new  
for your walls. Go to Conley's  
store and get one of those genuine  
pastel pictures at \$1.75. They re-  
tail everywhere at \$2.50. They are  
not printed, but executed by hand  
and are of real worth.

Died, at her home on Little  
Blaine, last Sunday morning, De-  
lila, the wife of Gus Moore. Her  
death was caused by consumption,  
from which she had suffered for  
several months. She was the only  
daughter of Henry Elderman. She  
was a worthy Christian woman,  
the wife of one of our best citizens.  
Sincere sympathy is extended to  
him and his child.

The prospects for the farmers are  
as bright as ever seen at this  
season of the year. The unusually  
"early spring" is especially ad-  
vantageous for tobacco growers,  
who will be able to get the crop in  
early enough to insure thorough  
ripening before the frosts of fall.  
The late season last year was re-  
sponsible for so much inferior qual-  
ity.

Changes in Mail Route.  
Upon the request of a sufficient  
number of patrons along the mail  
route between this place and Ollio-  
ville the carrier arrives at and de-  
parts from this place on Monday,  
Wednesday and Friday of each  
week. The route also terminates  
at Ollioville instead of Glenwood,  
the demands between those two  
places being so insignificant that  
the expense was not justified. An  
effort was also made to have the  
route extended to Webbville, but  
the department failed to see the ne-  
cessity and refused.

Mrs. Jones Dead.  
Mrs. Mary Jones died yesterday  
at the home of her daughter, Mrs.  
J. P. Medley, at Catlettsburg. She  
had been in poor health for a long  
time, but her death was hastened  
by the injuries received from a fall  
a short time since. She was the  
mother of J. W. Jones, Mrs. Dr.  
Maynard and Mrs. J. F. Medley.  
Also, Mrs. D. J. Burchett and Wm.  
Jones, deceased. Mayor J. H.  
O'Brien is her half brother. She  
was 83 years old. The body was  
brought up yesterday evening and  
burial will probably take place this  
afternoon.

Change in Trains.  
With its usual nose for news the  
News has scented a rumored  
change of trains on this division of  
the C. & O. We can not vouch for  
the truth of the report, but we be-  
lieve the change will be made.  
When made the morning train from  
Ashland will arrive about 8:30,  
and the afternoon train will get in  
in about 5:30. The down trains  
will also arrive somewhat earlier.  
The change, if made, will occur  
Sunday, May 19th. It is also said  
that the trains will be scheduled to  
run faster than ever before.

Sam Smith's Victim.  
The killing of Lee Ward by deputy  
marshal Sam D. Smith, occurred  
at the Houston mines in  
McDowell county. Ward, who is a  
negro, was a moonshiner and he  
was wanted in Virginia, where he  
had broken jail. There was a \$100  
reward offered for him. The ne-  
gro was a desperate character and  
Smith killed him in self-defense.  
Ward attempted to shoot him but  
failed.

Teachers' Institute.  
The Lawrence county Teachers' In-  
stitute will be held at Louisa  
during the second week in August.  
Prof. J. B. Willis, the same gentle-  
man who was in charge last year,  
will teach this year. August the  
12th is the date.

## THE COLES AGAIN.

Magoffin County Gets Caught.

The family by the name of Cole,  
who created such a sensation at  
this place a few months ago on ac-  
count of their strangely diseased  
condition of mind, and who were  
finally disposed of by being sent to  
the asylum at Lexington, were re-  
cently released from that institu-  
tion and went to Magoffin county.  
When discharged they were fat and  
"hearty" and were pronounced to  
be cured. While on the train the  
boys took one of the old "spells"  
of barking and howling. The  
thoughts of the old life of hunger  
and nakedness to which they were  
returning probably prompted the  
"fit." They "performed" well  
enough to create a small-sized pan-  
ic amongst the passengers who  
were within reach.

After a few days spent in Magof-  
fin county they turned themselves  
loose and soon succeeded in getting  
taken before a court. The jury  
gave a verdict of insanity and the  
boys were started for Lexington  
under guard and apparently happy.

## Heavy Storm.

This section was visited by a very  
severe lightning and thunder storm  
Sunday evening—the worst in sev-  
eral years. The lightning struck  
the attractive residence of L. M.  
Atkins and did considerable dam-  
age. Mrs. Atkins was in a room  
directly under the point which was  
struck, and was severely shocked.  
The residence of M. H. Johns was  
also struck. The current passed  
down a chimney and tore the man-  
tels loose in the upper and lower  
rooms. Mrs. Johns was sleeping  
in one of the rooms, but was not  
hurt.

At the South Methodist Church a  
juvenile missionary society was  
carrying out an entertaining pro-  
gram. Being a very warm even-  
ing the windows were all open, and  
when the vivid flash and the deaf-  
ening report came apparently at  
the same instant, the unusual force  
of the storm was fully realized by  
the congregation. Many children  
began to scream and some of the  
older people were much frightened.  
A small-sized panic seemed im-  
minent for a time, but order was fi-  
nally restored by the cooler heads  
singing and passing the contribu-  
tion basket.

## Election of Trustees.

The law says trustees shall be of  
good moral character, at least twen-  
ty-one years of age, and able to  
read and write. Does the law  
mean what it says? Yes; all trust-  
ees elected this year must have  
these qualifications. None who  
have them not will be allowed to  
serve.

Immoral men; men unable to  
read and write, and men who run  
for the trustee's office simply be-  
cause they have relatives or par-  
ticular friends whom they wish to  
get the schools should not be elect-  
ed. Far different men from those  
do we want and must have if our  
schools are to be what they ought  
to be—successful.

Good men; men of good morals;  
men able to read and write; men  
interested in education not from  
selfish motives nor for lucre; but  
for the love of humanity; for the  
love of country; for the cause of  
education; for the blessings educa-  
tion will bring to pupils under  
their care, protection, and direc-  
tions, are the kind of men to elect.  
R. S. BILLEPS, S. C. S.

## Serious Accident.

Last Sunday about noon the five-  
year-old boy of Harrison Curnutt,  
who lives on Nat's creek, three or  
four miles from Peach Orchard,  
was badly injured by the explosion  
of a dynamite cap. The child was  
holding the deadly thing in his  
left hand and striking it with a  
piece of iron, trying, so he said,  
to make a sinker for his fishing line.  
He had struck only a blow or two  
when the cap exploded, the frag-  
ments tearing the palm and fingers  
of his left hand fearfully. That night  
he was carried on a horse to Peach  
Orchard, through a terrible storm,  
when Dr. Newlin gave the child  
surgical aid. It is possible that the  
little fellow's hand may be saved,  
but it is probable that one or more  
fingers must be amputated. Blood-  
poisoning and lock-jaw, one or both,  
may ensue and thus greatly add to  
the gravity of the case. After do-  
ing their work on the boy's hand  
the fragments of metal tore through  
the little fellow's trousers, lacerat-  
ing his left thigh in a dozen or  
more places.

This and similar casualties should  
warn parents of the danger in such  
a combination as a small boy, a  
hammer and a dynamite cap.

BELOUGHS TO A PAST AGE  
—the great, gripping,  
nauseating pill.  
In this enlightened  
age you have Dr.  
Pierce's Pleasant Pellets—  
better because  
they're the smallest,  
easiest to take and  
easiest to get action;  
better because they do  
lasting good.  
They have a tonic  
effect on the lining  
membrane, and per-  
manently cure Consti-  
pation, Biliousness,  
Indigestion, Sick or  
Bilious Headaches,  
Nervousness, and every  
derangement of the  
liver, stomach, and bowels.

Dr. R. V. Pierce: Dear Sir—My whole  
system seems to have undergone a change  
since taking your Pleasant Pellets. My nervous  
system is improved and I no longer have the  
"blue" or "bilious" attacks. It is wonderful how  
good the "Pellets" have done my liver complaint.  
Yours truly,  
B. B. Colton

SEPTEMBER 4th.

West Virginia Conference  
Will Meet Here.

The above date has been fixed  
for the annual meeting of the  
West Virginia Conference of the  
M. E. Church South, which will be  
held at Louisa. Bishop Fitzgerald  
will preside. He is a very able  
and popular man and is widely  
known through his writings.  
It will soon be time for our peo-  
ple to begin the preliminary ar-  
rangements for entertaining the  
conference. Louisa has a reputa-  
tion for hospitality and this will  
be a splendid opportunity to ex-  
tend it. We know our people are  
capable of entertaining the preach-  
ers royally, and we hope they will  
put forth their best efforts on this  
occasion.

TO TEACHERS.  
Examinations to be More Dif-  
cult.

The State Board of Examiners  
has issued a circular addressed to  
applicants for certificates, notifi-  
ing them that the questions for  
the coming examinations will be  
more difficult than those of the  
past. They also insist upon the  
County Boards giving as close at-  
tention to one branch as another  
in the examination, not allowing  
any to be slighted. They want all-  
round teachers, and deprecate the  
tendency amongst teachers to be-  
come "arithmetic cranks," or  
cranks on any particular branch.  
More attention to Composition is  
urged, and a special study is re-  
commended to be made of such  
works on the subject as Kellogg's or  
Bennett's Composition, or Butler's  
School English.

In concluding its circular the  
Board says:

"The deep interest now being man-  
ifested in the teacher's vocation,  
and the increasing number of  
scholarly and ambitious ladies and  
gentlemen who are looking forward  
to this work, are indicative of bet-  
ter things for the common schools,  
and encouraging to us who look  
with much concern for evidence of  
improvement. If you are striving  
for this excellence, we are doing  
you a service when we insist upon  
a higher standard of thought and  
attainment."

## PEACH ORCHARD.

The mines are running about  
half time, with fair prospects for a  
full run in a few weeks. The gen-  
eral office will be removed here,  
from Cincinnati on the 10th inst.

Griff West and family left Mon-  
day for the Indian Territory where  
Mr. West expects to engage in  
mining.

Quite a crowd enjoyed a picnic  
on the hills near old Peach Or-  
chard, last Sunday.

Dr. J. W. Sweetnam and children  
went to Louisa Wednesday.

"Granny" Johnston has about re-  
covered from a severe attack of  
fever.

A child of Harrison Curnutt was  
seriously injured Sunday by the  
explosion of dynamite.

SUNSHINE.

blanching, the hair may be restored  
to its original color by the use of  
that potent remedy Hall's Vegeta-  
ble Sicilian Hair Renewer.

## Mass Convention.

The Democrats of Lawrence coun-  
ty are hereby called to meet in  
mass convention at the court house  
in Louisa, on Saturday, June 1st,  
1895, at one o'clock p.m., for the  
purpose of selecting delegates to  
the district convention to be held

## OUR NEIGHBORS.

Regina is the name of a new post-  
office in Pike county.

Born, May 1st, to Mr. and Mrs.  
Seth Hensley, of Bear creek, this  
county, a son.

A man named Webb committed  
suicide by shooting himself down  
in Greenup county last week.

J. N. Howard has been appoint-  
ed postmaster at Lickburg, Ma-  
goffin county.

Huntington is to have a new  
morning daily paper, the first is-  
sue to appear the 20th inst.

Three men were struck by light-  
ning near Ironton, Ohio, last week.  
They were fishing. Chitt Woods  
was killed instantly and the other  
two are not expected to recover.

"Bad Tom" Smith, in jail at  
Jackson under sentence of death,  
is rapidly declining and may not  
live till the day set for the execu-  
tion.

Mr. Taylor Vinson, whose illness  
had for a long time been a source  
of great anxiety to his many  
friends, is now enjoying ordinary  
health and is at his office in Hun-  
tington.—C. C. Courier.

The Martin county Gazette is  
getting into desperate straits. Here  
is one of its frantic appeals: Come  
in and pay up your subscription  
next week, for God's sake. If our  
subscribers out of the county were  
as slow as those in it, we'd starve  
to death.

The date for examination of ap-  
plicants for appointment to the  
West Point cadetship for this con-  
gressional district has been chang-  
ed from June 5th to May 16th. It  
will be held at Vanceburg, the ex-  
amination beginning at 10 a. m. on  
the last-named date.

Huntington has another case of  
smallpox. It is a negro who went  
there recently from Covington, Ky.

Correspondent of the Manufac-  
turers' Record at Prestonsburg,  
Ky., writes as follows:

"Prestonsburg is the nearest  
town to the Kentucky oil develop-  
ment, and is headquarters for the  
oil operators. The wells are pro-  
ducing ten to one hundred barrels  
each per day. All are flowing wells  
and not one is pumped. The oil is  
of the same quality as the Pennsylv-  
ania product. All the wells drilled  
thus far are producers, and the  
one coming in last week was no ex-  
ception to the rule. Immediately  
on completing that well another  
was begun. This place is also the  
centre of an excellent coal region  
and in a beautiful valley four miles  
long, a portion of which was pur-  
chased and owned by the late Pres-  
ident Garfield, who as early as 1896  
foretold that this would be a great  
oil field."

## Card of Thanks

Mr. Editor: Please allow me  
space in your paper to thank the  
good people of this city for their  
liberal donation for the benefit of  
purchasing a lot to build an A.  
M. E. Church in this place. We  
ask everybody to help us. We on-  
ly owe on our lot \$14.00. May God  
bless you that have given or those  
who may give. Blessed is the  
cheerful giver.

Yours for the cause of Jesus and  
right,

**KENTUCKY STATE NEWS.**  
 Lulu Hamilton, aged 17 years,  
 daughter of Clark Hamilton, a farmer  
 living near Brandenburg, is in a pre-  
 carious condition from poison taken with  
 suicidal intent. She was to have been  
 married a few days ago. The prospective  
 groom failed to appear and this  
 caused despondency.  
 In the delinquent tax suits appealed  
 from Louisville, the court of appeals  
 affirms the decision of the lower court,  
 holding that the new city charter does  
 not prevent the collection of taxes as-  
 sessed under the old charter.  
 The lines in the Central Traffic as-  
 sociation have authorized a rate of  
 one cent per mile to the Grand Army  
 encampment at Louisville.  
 DANVILLE's water works are about  
 completed.

Pensioners were granted the other  
 day as follows: Renewal and Increase  
 —Wm. R. Swearingen, Greenup,  
 Greenup county. Increase —Henry  
 Ling, Newport, Campbell; Wm. M.  
 Dicken, Seventy-Six, Clinton. Original  
 Widows, etc. —Jas. J. Williams  
 (father), Henderson.  
 It is finally reported that fifteen  
 cases of smallpox exist at Paducah.  
 The local authorities had failed to isolate  
 the first cases.  
 The gas company at Shelbyville has  
 reduced the price of gas to \$1 per thousand  
 feet.

JAMES LAWRENCE, a Clark county  
 farmer, lost his mind brooding over the  
 wickedness of the world, and committed  
 suicide.  
 EAST LIMESTONE reports fruit pros-  
 pects first-class.  
 JOHN W. SIKES, a well to do farmer  
 of the Cassville vicinity, in Warren  
 county, was arrested by Deputy Mar-  
 shal Smith and brought to Bowling  
 Green the other morning on a charge  
 of passing counterfeit money. He is  
 accused of passing a spurious \$10 bill  
 on a neighbor in payment for some  
 corn. Sikes claims to have got the  
 bill from a man at Rocky Hill, and  
 says he did not know it was counter-  
 feit.

WARREN COUNTY has purchased road  
 building machines costing \$1,000.  
 The Hopkins county jail is full, there  
 being thirteen prisoners confined for  
 various offenses.  
 ADAM SHANKS, of Hopkins county,  
 has brought suit against F. E. Brown,  
 of the same county, for \$15,000 dam-  
 ages. The plaintiff alleges that Brown  
 called him an "old thief."

The options held on the oil fields  
 near Havensville have been transferred  
 to the Advance Oil Co., and the latter  
 will commence to develop the property  
 in a few days.  
 KENTUCKY, with all its stock of Bourbon  
 and such like, will only pay a few  
 quarters of a million income tax. This  
 is just three-quarters of a million less  
 than the estimate made for the state  
 when the law was passed.  
 Two boys, 16 and 18 years old, were  
 lodged in the Morgan county jail a few  
 days ago for some petty offense. After  
 they were released it was discovered  
 that they had cut everything to pieces  
 in their cell, including mattress, bed  
 clothing, etc. The sheriff returned  
 them to jail and they are now sleeping  
 on the floor.

A NUMBER of persons have been  
 selling for fish in the Fleming county  
 streams, and an effort will be made to  
 punish the guilty parties. They wear  
 masks.  
 Gov. Brown, before leaving Hender-  
 son, appointed his brother-in-law, ex-  
 State Senator Henry C. Dixon, to suc-  
 ceed to the office of private secretary,  
 and the senator has accepted.  
 The Harrison County Fish and Game  
 club has determined to see that the  
 game laws are enforced in that county,  
 and to that end has called a meeting  
 to invite the co-operation of the citi-  
 zens in enforcing the laws.

COLUMBUS PHILIPS, who murdered his  
 brother in Warren county a few days  
 ago, is putting in all his extra time  
 trying to convince the jail officials at  
 Bowling Green that he is insane. The  
 attorney appointed by the court to de-  
 fend him was unable to consult with  
 the murderer, who heaped all sorts of  
 abuse on the lawyer when he appeared  
 at the jail. The other prisoners think  
 Philips is playing for effect.  
 A LARGE Newfoundland dog, belong-  
 ing to Dr. L. W. Hazen, of Browns-  
 ville, went mad a few days ago and  
 wandered away from the house where  
 it was kept. Many dogs and several  
 head of cattle have been bitten, and  
 consequently a mad dog excitement is on.  
 A neighbor tied the dog and led him  
 home to the owner.

CERTAIN BROS., of Danville, got \$10,000  
 for thirty-six horses they sold in Bos-  
 ton.  
 The grand jury of Hart county re-  
 turned forty-five indictments at its re-  
 cent session.  
 PADUCAH has a great many vacant  
 lots within the city, and the Standard  
 proposition is that they be turned over  
 to the poor for cultivation this season.  
 The keeper of the Trigg county poor  
 house has secured a minister, at his  
 own expense, to preach to the inmates  
 of the institution, of which he has  
 charge, every second Sunday.  
 A SUMMER of persons before the  
 police court at London the other day  
 charged with giving and selling cigar-  
 ettes to boys under 18 years of age.  
 They were fined \$5 and \$10 for each of-  
 fense.

WILLIAM WILSON, a Nicholas county  
 farmer, and a tenant named Conyers,  
 shot and fatally wounded each other.  
 The fiscal court of Christian county,  
 which was expected to take action in  
 the matter of building new turnpikes  
 in that county, at its last session de-  
 cided that the county was not able to  
 undertake the improvement project.  
 A Mr. ASHLEY, of Tilden, Webster  
 county, accidentally shot himself while  
 handling a pistol which was thought  
 not to be loaded. The ball penetrated  
 the bowels and will probably prove  
 fatal.  
 The trial of Marshal Frank Ellis, of  
 Junction City, for the killing of "Cage"  
 Rowley, which was to have taken place  
 at Danville, at the present time of the  
 circuit court, has been continued.  
 The Kentucky state board of equaliza-  
 tion has increased the assessment of  
 state property \$14,000,000 over and  
 above the total valuation of county as-  
 sessors, the greatest increase ever  
 made except by the board of 1903. This  
 sweeping increase does not make the  
 total equal to the equalized value of  
 last year.

**HOW TO CURE YOURSELF WHILE**  
**USING IT.**  
 The tobacco habit grows on a man until  
 his nervous system is seriously affected,  
 impairing health, comfort and happiness.  
 To quit suddenly is too severe a shock to  
 the system, as tobacco, to an inveterate  
 user becomes a stimulant that his  
 system continually craves. Bacco-Cure  
 is a scientific cure for the tobacco habit,  
 in all its forms, carefully compounded  
 after the formula of an eminent Berlin  
 Physician who has used it in his private  
 practice since 1872, without a failure,  
 purely vegetable and guaranteed per-  
 fectly harmless. You can use all the to-  
 bacco you want, while taking "Bacco-  
 Cure," it will notify you when to stop.  
 We give a written guarantee to per-  
 manently cure any case with three boxes,  
 or refund the money with 10 per cent.  
 interest. "Bacco-Cure" is not a substitute,  
 but a scientific cure, that cures without  
 the aid of will power and with no incon-  
 venience. It saves the system as pure  
 and free from alcohol as the day you  
 took your first chew or smoke. Send by

**WYLIE, TEXAS.**  
 Dear Editor: Perhaps some of  
 my old friends in Kentucky would  
 like to hear from the Lone Star  
 State. I will give a few items from  
 here.  
 This is a fine country and one of  
 the best places for farming in the  
 world.  
 We are having a fine rain, the  
 first for several weeks. It don't  
 take as much rain here to make a  
 crop as it does in old Kentucky.  
 This is a black soil and holds  
 moisture well. One good rain will  
 make a crop. Corn is about waist  
 high and looks fine, although the  
 farmers are late this year on ac-  
 count of the late spring. Oats are  
 heading and the prospects are good  
 for a fine crop.

The alarm of fire was raised the  
 other night. It burned 3,000 bush-  
 els of corn for Mr. McAdams. That  
 was getting away with corn pretty  
 fast.  
 We get the News every Monday,  
 and it does our souls good to read  
 it. Let everybody take the News  
 and they can keep up with the  
 times and see how the world is mov-  
 ing along.

You can hear the cry "hard  
 times" with some of those fellows  
 out here who never work and don't  
 want anybody else to work.  
 Let every body vote the Demo-  
 cratic ticket this fall and times will  
 continue to improve.  
 Let all the correspondents write  
 something for the Big Sandy News.  
**TEXAS BOY.**

An exchange speaks of three of  
 the most stingy men on record:  
 The first will not drink as much  
 water as he wants unless it comes  
 from his neighbor's well. The  
 second forbids his family to write  
 anything but a small hand, as it is  
 a waste of ink to make large letters.  
 The third stops the clock at night  
 to save the wear and tear of the  
 machinery. All of them refuse to  
 take a newspaper on the ground  
 that it is a terrible strain on their  
 spectacles to read them.

**\$100 Reward \$100.**  
 The readers of this paper will be pleased  
 to learn that there is at least one dread-  
 ed disease that science has been able to  
 cure in all its stages and that is Catarrh.  
 Hall's Catarrh Cure is the only positive  
 cure now known to the medical profes-  
 sion. Catarrh being a constitutional dis-  
 ease, requires a constitutional treatment.  
 Hall's Catarrh Cure is taken internally,  
 hereby destroying its cause, and the  
 disease, and gives the patient strength  
 by building up the constitution and as-  
 sisting nature in doing its work. The  
 proprietors have so much faith in its  
 curative powers, that they offer One  
 Hundred Dollars for any case that it  
 fails to cure. Send for list of Testi-  
 monials. Address, F. J. CHENEY &  
 Co., Toledo, O.

**She Did Not Suffer.**  
 Three months before our first  
 child my wife suffered so from  
 cramps and pains she could not get  
 in or out of the house without help,  
 and was often in bed for two or three  
 days at a time. I obtained a  
 bottle of "Mothers' Friend," and  
 after the first application pains and  
 cramps ceased. She continued to  
 use the remedy and suffered no  
 serious inconvenience until the  
 hour of confinement—at which  
 time she suffered but little pain—  
 her recovery was rapid and com-  
 plete—in fact, she suffered no pain  
 after birth. Her friends say they  
 never saw anything to equal her  
 case. Truly "Mothers' Friend" is  
 a blessing to expectant mothers,  
 and my wife shall never be without it.
